- ※ The classes will be taught by full-time WSU teachers, one of whom is the director of our Learning English for Academic Purposes (LEAP) program.
- ※ Students will take English courses from about 8:30-4:30 from March 4-13.
- ※ Lessons will include reading, writing, conversation, and interaction with American students. There will also be a wide variety of activities during those hours of instruction to keep the students engaged in learning. Such activities may include film, a visit to our on-campus planetarium, and recreational facilities, all of which are aimed at improving their English skills.
